

Industrial park to open at Lanseria

ESTATE | Renico Construction, a commercial and industrial development specialist, is investing in a new industrial park development at Lanseria Corporate Estate. This follows its purchase of three stands at the estate, which it intends to consolidate and develop into an industrial park. The park will have six units, each unit having a 1 200m² warehouse component and 200m² of offices. The units will be to let or to buy on sectional title.
